Subject: Shopping Cart Use

I. Introduction

Place One provides a limited number of shopping carts for resident use in transporting items within the building. Carts are stored in a room near the lobby mailboxes accessible by a resident's entry device. To ensure maximum cart availability for residents, this policy establishes rules for use.

II. Rules

- A. Eligible Users.** Carts are provided for use by residents and their guests. Carts are not to be used by private contractors.
- B. Eligible Purposes.** A cart may be used to transport packages, luggage, groceries and other small items. A cart may not be loaded beyond its capacity.
- C. Time Limits.** To ensure availability for others, carts are expected to be returned immediately after use.
